## A Rumor

We have recently heard that the price of Shoes is to advance about 100 per cent. We can hardly believe this story. But then we have no doubt that they will advance to a higher price and before many weeks. We further believe that the price of the new Spring Shoes will be about \$1.00 a pair more than the present prices. Perhaps more. However, we think that it would be showing the best of judgment to purchase one or more pairs at the present prices. We, at the present time have a good display of Douglas and Regal shoes to select from. Shoes of quality and worth, and prices right.

### RESOLUTIONS OF RESPECT

Whereas in the sudden death of Sister Lucy Hutchins, we are again reminded of the uncertainty of life and God's power to claim His own, therefore be it

Resolved, that as we find our circle broken and realize that on earth we shall know her no more, we feel that Julian Rebekah Lodge has lost another loving member, one who life spoke more eloquently than words the teachings of our order.

Resolved, that the best memorial we can pay to her is to continue the work she loved so well and pattern after her many virtues.

Her life was full of love and cheer.

For others every day.

The memory of her blessed life

Will never pass away.

Resolved, that to the aged husband and children we extend our sympathy with the assurance that as they mourn the loss of one who for her life reached out into every community and sad hearts everywhere are found testifying to her kindly and loving life, which will be greatly missed. God will richly reward such as she.

Resolved, that in her memory we will drap our charter, set apart a page in our records and spread thereby a copy of these resolutions, also send a copy to the family and publish them in the Norway Advertiser.

## IF MOTHERS ONLY KNEW

Thousands of Children Suffer from Worms and Their Mothers Do Not Know What the Trouble Is.

Signs if worms are: Constipation, sour stomach, deranged stomach, swollen upper lip, of fensive breath, hard dry ball, hard bow, occasional gripings and pains about the navel, pale face of lenden tint, eyes heavy and dull, twitching eyelids, itching of the nose, itching of the rectum, short dry cough, grinding of the teeth, little red points sticking out on the corners starting during sleep, slow fever.  
Mrs. H. N. Roberts, 502 Asylum Street, Flint, Mich., used Dr. True's Elixir for her little baby girl when she was sick. Mrs. Roberts wrote to Dr. J. F. True & Co.: "My little girl is cured of her worms." And in a letter later wrote: "Baby is fine and I think it was your medicine (Dr. True's Elixir, The Family Laxative and Worm Expeller) that helped her." **EAST SUMNER**  
Last week was a busy time in social circles here. On Tuesday afternoon occurred the closing exercises of the village school. The pupils honored their teacher, Harold Gammon, by performing their parts in an excellent manner. After the literary exercises, Mr. Gammon treated the company to delicious refreshments, consisting of ice cream and cake. A good number of visitors were present.

Wednesday was the day for the Circle dinner and in the afternoon the ladies worked on the quilts which they are preparing to put on the market in the near future.

Thursday evening the K. of P. officers were installed at the Grange Hall, the installing officers being the G. C. and G. K. of R. and S. After the installation, an oyster supper was served in the dining room, followed by a social hop.

Eastman in behalf of their friends, presented the bride and groom with a good sum of money. Peanuts and candy were served by some of the young ladies.

Sunday was observed as Lincoln Day at the Congregational Church. Owing to the severity of the storm, the audience was not large, but those who attended felt well repaid when listening to Mr. Berkeley's thrilling patriotic words. The church was decorated with flags which were kindly loaned by the Grange and the Relief Corps. Next Sunday will be observed as Washington Day and the same decorations will be retained, except that the large picture of Lincoln on an easel will be replaced by one of Washington.

## Stage Coach Days

Our forefathers selected their own glasses. They also traveled in stage coaches. They did both for the same reason—there was no other way.

Today stage coaches are a curiosity—their utility has passed with the invention of more modern methods, just as "selecting your own glasses" has given way to scientific eye testing.

Our methods of testing are the latest and most scientific known and our work is fully guaranteed to be satisfactory. Call and see us.

## ABOUT RHEUMATISM

What Thousands Have Found Gives Relief From This Painful Trouble.

Rheumatism is a constitutional disease, manifesting itself in local aches and pains, inflamed joints and stiff muscles. It cannot be cured by local or external applications. It must have constitutional treatment.

Take a course of the great blood-purifying and tonic medicine, Hood's Sarsaparilla, which corrects the acid condition of the blood on which rheumatism depends, and gives permanent relief. This medicine combines, with excellent alternatives and tonics, what is generally conceded to be the most effective agent in the treatment of this disease.

If a cathartic or laxative is needed take Hood's Pills. Purely vegetable.

## Dizzy

If you get up in the morning feeling dizzy and weak, it usually indicates a sluggish liver, or poor digestion. Aside from its unpleasantness, this condition may become dangerous; it should be checked before your vitality becomes impaired, and you are then less able to withstand disease.

A teaspoonful of "L.F." Atwood's Medicine will stimulate the action of your digestive organs, and re-establish normal conditions. Taken regularly it will quickly restore your vitality, and you will sleep soundly and awake refreshed and clear-headed.

Powders and tablets containing Acetanilid or other coal-tar derivatives tend to weaken the heart's action. The true "L.F." simply sets natural methods in action and benefits the entire system. If you have never used it send for a bottle now. Your druggist sells it for 50¢ a bottle, 60¢ a dozen. The "L.F." Medicine Co., Portland, Maine.

## TOO LATE

Water All Right to Drink

P. C. McGouldrick of the State Department of Health, writes the Norway Water Co. as follows:

"Analysis of the sample of water from your public supply which was sent me on Feb. 9th, shows this water to be in its usual condition for this season of the year. There are no chemical or bacteriological evidences which would point to contact with pollution of any kind. The taste of which you speak is in all probability due to a considerable amount of dissolved organic matter which, however, is present in harmless form. In its present condition I should consider this water a good one to use for drinking purposes."

Frank J. Witham was presented with a Past Chancellor's jewel by Past Chancellor Commander, Donald Partridge, in appreciation of the past year's work by Brother Witham.

Mollie Sale of Watertown, Mass., acting principal of the Washington Street schools of Watertown, Mass., is visiting Mrs. L. V. Horne.

Daisy Chase, who has been at the hospital at Lewiston, has returned home much improved in health.

Hon. B. G. McIntire and wife returned the first of the week from an eight day's trip in Canada. He reports less snow in that section than here. About one-third less. Our money is at a 15 per cent premium in that country. They visited in Sherbrook, Quebec and other places.

Elizabeth Crockett Blake Tent No. 8 D. of V. will meet Friday evening at K. of P. hall. The tent will open at 7 o'clock promptly and each member should be present at that time. After the meeting a Washington birthday entertainment will be given followed by a penny lunch social to which each member may invite as many friends as each pleases. These not solicited for food should bring pastry.

The Wild Cats held a Washington Birthday party Monday evening and gathered at the Alberca Cafe for supper.

There were sixteen in the party including Dr. and Mrs. Herman L. Bartlett, Dr. and Mrs. Harry P. Jones, Dr. and Mrs. B. F. Bradbury, Mr. and Mrs. Llewellyn H. Cushman, Mr. and Mrs. James N. Favour, Mr. and Mrs. Henry B. Foster, Mr. and Mrs. John F. Swain and Mr. and Mrs. Edwin S. Banks. Mrs. Esther Lovell and Mrs. Alma Sheen. There were present also visitors from Brown Corps, Bethel, and George M. Knight Corps, Watertown. Exemplification of the work was done in a very creditable manner, although several of the officers were unable to be present. Some new members were initiated. The Daughters of Veterans will be invited to unite with the Corps in the work relative to Memorial Day. Additional members were added to the standing committees, including Mrs. Emma Swan and Mrs. Nina Felt on the executive committee and Mrs. Rose Banks and Mrs. Esther Layman on the entertainment committee. Each member is expected to carry a plate of refreshments. The Corps are to serve the town meeting dinner at Woodman Hall, next Monday.

Chapman Concert

The Chapman Concert will be held at the Norway Opera House Wednesday evening, March 17th. Three of New York's foremost artists are with him on an annual tour of concerts this season.

Adelaide Fischer, who has a most charming personality, and a voice of rare beauty. Her voice is much like Alma Gluck, and she sings with consummate skill. She is giving recitals all over the country.

Ruth Ray, the sensational violinist, soloist of the great Aeolian Orchestra, is today without doubt the greatest lady violinist before the public.

Mrs. Ray has a most fascinating personality, and her bowing a delight to watch. Her technique is faultless, and her musicianship, Mr. Auer claims, is on a par with Heifetz and Seidel.

Harold Land, the young American baritone, has a voice of fine quality. He has a great future before him, and sings right into the hearts of his public.

It is easy to see why Mr. Chapman is so enthusiastic over his Company, for it is a fine combination of high class artists that he has brought to us for his spring tour. Mr. Chapman will preside at the piano as usual. Tickets will be at popular prices.
